

This is a comment about Sinclair Broadcasting's ability to force their stations to show an anti-Kerry broadcast in order to influence the election.

I understand Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But what Sinclair is doing seems a perversion of this right. There's something wrong with a large company being able to control such a wide range of stations for political gains.

I believe we need to strengthen media ownership rules to prevent these kinds of outrages.
Thank you.
